Incredible Technologies of the New World Order: UFOs—Tesla—Area 51

**Is There a Joint Alien-Military
Plot to Control Humankind?**

UFOS, TESLA, AREA 51 by Commander X

Human-looking ETs commonly referred to as "Nordic types" seem to be working hand-in-hand with the Grays and are part and parcel of a sinister plot by the New Work Order to rule Earth.

In parts of Puerto Rico ETs apparently walk about without even trying to hide the main thrust of their activities. They have been observed carrying out a variety of tasks.

Unmarked black helicopters, heavily armed military personnel and a supposed "invasion" by aliens could well turn out to be a plot by the New World Order to negate the U.S. Constitution.

Disk-shaped craft constructed on other planets are now being kept in working order by heavily armed military personnel at several locations usually located underground. Several abductees have been examined in alien installations far below the surface.

Documented proof that the military is researching metaphysical concepts and probing ways to use such belief systems to their advantage in matters of mind control.

Seen here in his New York lab, many thought that Tesla had gone to his grave without giving away secrets that would enable the military to put the finishing touches on his "Death Beam," a potentially destructive device.

Scientist, in Interview, Tells of Apparatus That He Says Will Kill Without Trace.

Nikola Tesla, father of modern methods of generation and distribution of electrical energy, who was 78 years old yesterday, announced a new invention, or inventions, which he said, he considered the most important of the 700 made by him as yet.

He has perfected a method and apparatus, Dr. Tesla said yesterday in an interview at the Hotel New Yorker, which will send concentrated beams of particles through the free air, of such tremendous energy that they will bring down a fleet of 10,000 enemy airplanes at a distance of 250 miles from a defending nation's border and will cause armies of millions to drop dead in their tracks.

From several sources we have been informed of a super secret group called MJ 11 composed of high ranking government officials, military personnel and scientists who worked alongside of various alien groups since the first UFO crashes in the southwest United States.

UNDERGROUND ALIEN BASES

According to numerous abductees who have literally been kidnapped by aliens, in many instances they have seemingly been taken to underground bunkers or bases where they have been probed, examined or sometimes even impregnated.

The secret government and the military learned much about the supernatural capabilities of the extraterrestrials by performing autopsies on these beings several of whom had died in crashes in the Southwest during the late 40s and early 50s.

Under a tight lid of security the U.S. military undertook to duplicate the technology of crashed UFOs. Much of this "space age" technology has been tested out in Nevada's desert in a spot that has become known in recent years as Area 51 (a place the government denies even exists).

Various Earth made disk are known to exist, some of which date back to World War II and German science.

It is now more than speculation -- at least according to some "highly accredited" sources -- that various groups of extraterrestrials are coming to Earth, and many of them do not necessarily have our best interests at heart.

This sketch is based upon the testimony of hundreds of individuals who have personally had first hand encounters with the beings best known as the Grays, who for many years have been abducting humans and doing a variety of experiments on those who have been unwilling victims to what amounts to mass kidnappings for sinister purposes.
